ILLUSTRIOUS BEAUTY JOURNEY
CREATED BY LIND AROSS

120 Minute | \$995

Linda Ross Beverly Hills designed this beauty escape journey, uniting science technology with nutrient-dense products, creating renowned glowing skin. It begins with lying on an infrared-heated gemstone Chakra Mat to help mental clarity, relieve tension and provide unparalleled relaxation.

A manual Microderm Scrub uncovers fresh new epidermis layers, brightening the skin and preparing it for better product absorption. Custom-blended therapeutic-grade certified organic essential oils are applied with steam, opening their curative powers. LED Red Light Therapy and MicroCurrent Glove treatment are uniquely partnered with Linda's specialized anti-aging privy solutions, combined with colloidal silver to stimulate facial muscles, delivering lift, increasing collagen production, minimizing fine lines and magnifying the depth of eminent glowing skin.

Nurturing attention is given to the feet using a Microderm scrub, removing dull skin and prepping them to be enraptured with a tranquil foot massage, using a handcrafted epidermal growth factor lotion containing essential oils, followed by the application of collagen-infused boots. The hands area also tended to with the same atelier lotion and treatment mitts.

The Illustrious Escape is completed with an extensive face, neck and shoulder massage, imbuing more age-defying properties into the epidermis, leaving your skin beaming, spirits awakened and heart happy.

For the ultimate experience, reserve Linda
